Yoemen Bow To LaVega 19-18; Tangle With Killeen Friday

A fighting Cameron Yoeman team scared the pants off highly regarded LaVega here Friday night, but could not get by that point-after-touchdown and the Pirates squeezed by 19-18 in a a thrill-packed non-district affair.

It was a nip and tuck battle after the first half but as far as Cameron fans were concerned, it looked like a lost cause going into the third quarter with the favored Bucs leading 13-0.

But the Yoemen began to put their Model T into action and roarded to within hailing distance of the Pirates, but they never quite overcame LaVega's single point lead and had to be satisfied with a "moral victory."

While the Yoemen were shining for the homefolks, the Pirates were not doing so badly themselves and took advantage of some breaks to rack up a pair of touchdowns. Then too, they had to take the bitter with the sweet, when they had a third quarter 59-touchdown dash by Floyd Dellinger erased by an offense holding penalty.

Dellinger was the outstanding back on the field here tonight, passing 32 yards for the opening touchdown in the second quarter, then taking a 20-yard TD pass before the quarter ended. He also intercepted a Yoe aerial at midfield and romped to the Cameron 17 before being hauled in. A 15 yard-penalty left LaVega on the Cameron two and as the half ended, the Bucs were on the one.

In the second half, Dellinger continued to sparkle, getting runs of 34 and 43 yards besides his erased 59-yard touchdown romp.

The game was marred early by fumbles which caused the Yoemen no small amount of trouble since the first LaVega touchdown was set up by a miscue.

The first big break for the Bucs came in the second breaw for het came in the second quarter where Jim Rettig fumbled on his 42. Five plays later, Dellinger passed 32 yards to Tommy Davis, 140 pound LaVega end for the score, Dellinger failed to kick the point.

Two plays after the kickoff, the Pirates took over a fumble from Arnold Warren, Cameron quarterback, on the 21. After two futile tries, Roland Gilbert passed to Dellinger for the touchdown.

Dellinger kicked the extra point and the scoring ended for the first half.

Cameron's big break came deep in the third quarter after Dellinger fumbled on the Buc 20 and Cameron picked up on the 15. Rettig and Warren moved to the 10. A pass to W. K. Leonard in the end zone was dropped and an offside assist moved the Yoemen into scoring position. Warren edged to the one with Rettig scoring. Buddy Thompson's kick failed.

The fourth quarter saw the Yoemen again on the move with Warren taking a quick plunge from the Pirate 33 to the 10. Warren then moved to the six and Rettig to the one. Joe Heitman gained a first down by inches on the one foot line and a penalty moved the ball to the six inch line. Rettig fell across for the score. Thompson missed the extra point and LaVega was ahead 13-12.

Six plays after the Cameron kickoff, LaVega was again over the double stripe with less than three minutes remaining in the game. Dellinger took a handoff from Donald Pringle and romped from the Yoe 41 to the 16. Wylie Heath picked up five, then came to the 10. With Dellinger then moving to the three, Heath sneaked across for the touchdown. James Posey blocked the kick.

Cameron began their final touchdown drive and used one play to score with Warren passing to Heitman, good for 64 yards and the touchdown. However Heitman had to field the ball at the Pirate 33 and outdistance the Bucs for the score. Thompson's kick was blocked.

The Yoemen stalwarts in the line were End Johnny Green, Tackle Eddie Matyastik and Guards Billy Angel and Junior Zotz.

Killeen-Hood School District To Build High School In City

Killeen, Oct. 6.—School officials disclosed that an $800,000 high school will be constructed in Killeen instead of Fort Hood.

Killeen school board trustees, Fort Hood school advisors and Killeen advisory members agreed Monday night to change the plans and a olocation was chosen on a 9.2 acre tract in Killeen's Fairway Park.

Earlier the officials had planned to build the school on the military reservation, but since Copperas Cove did not join the school district as was expected school officials decided the Fort Hood site would not be centrally located.

The plot of land on which to build the school was purchased for $25,000. School Architect George C. Christensen said the new location would permit savings of some $10,000 on utility extensions and about $15,000 on foundation and construction costs.

The school will also save $10,750 which would have paid for a 75-year lease at Fort Hood.

Bids for work on the school will be let as soon as possible after plans for new elevation and foundation structure.

School officials also announced that a $250,000 bond election will be held to help pay for the school, but added that it will probably not be held until early next year.

At present, there is $537,000 available for construction. The new, modern school is to include an auditorium, shop and band hall, plus classrooms and administrative offices.

Bulldogs Drop District Game To College Station 25-14

The Lincoln High Tigers from College Station proved to be too much for the O. J. Thomas Bulldogs last Friday night. They bounced out with a 25-14 licking over the local Bulldogs.

The Bulldogs showed up good but weight and experience proved the difference. They were outweighed approximately 25 pounds per man.

The first College Station TD was set up by a Bulldog fumble early in the first quarter. The ball, fumbled by John Campbell, was recovered by the Tigers on the Cameron 25 yard line. College Station drove on down to paydirt. The point after TD was no good.

The Bulldogs took the kickoff but bogged down on their own forty and had to kick.

A see-saw battle continued until about 3 minutes from the half when College Station scored again on a reverse play from right end.

The half ended with the score reading 12-0 in College Station's favor.

The Bulldogs came back after the half and Cameron's Bradley took the opening kickoff on the Bulldog's 30 yard line and romped all the way to the goal and six points. The point after TD was good and the score read 12-7.

The Tigers scored again soon after, but missed the extra point.

After a few plays, the Tigers were in posession of the ball once again, but were forced to kick. Arthur Kelly took the ball on a line play for the Bulldogs and scampered from his own 35 for a TD, but the play was called back.

Biggers again took the ball from a line play and scored for the local eleven. The point after TD was good, making the score 18-14.

The last TD of the game, made by the Tigers, was partly set up by bad breaks for the Bulldogs, who were penalized three times straight, giving the Tigers the ball on about the Bulldog 20. The tigers scored on a line play and converted to make the final score 25-14.

The game ended in mid-field with the Bulldogs in possession of the ball.

The Bulldogs will meet Rosebud Friday night.

Leaders point out that goods can be purchased economically, wholesale, near some shipping point and the cash sent in is used in that manner as far as possible.

The homeless children in Korea sleep in railway stations using newspapers when available for covering; Arab refugees have spent four winters sleeping in ragged tents without warm covering; blankets are needed in Berlin where refugees arrive at the rate of 3,000 per day; famine conditions in India and Pakistan have forced people to leave their native villages to work for 14 cents per day and they live in shacks made of branches, European refugees sleep in straw-filled burlap bags and only the infirmaries have sheets for the sick. Christians are urged to work for world peace by helping the refugees.

"New Uniform Plan" Under Way For Yoe Band Members

A fund raising project to replace the present uniforms of the Yoe High Band was begun this week.

The plan, an all school project, is spearheaded by the band members, who number around 100.

Uniforms worn by members of the band are seven years old, with some even older. Rather than replace only a few and ruin the appearance of a well trained, hard working band, the fund raising project was started.

To completely outfit one member of the band costs about $75. A quota of about $7,000 is needed, and it is hoped, not only by the band members, but by the student body, that the entire town will be backing them.

All proceed footboll taken from the B-squad football games will be placed in the "New Uniform Fund". It was announced, though, that season and activity tickets will be good at these games.

Everyone is encouraged to attend the games if possible, and in this way they will be supporting two plans, the Yoelets and the Yoe High Band.

Francis Cox, the Yoe High Band director, the band members and the entire student body will be working hard to reach this quota, and it is hoped that soon the band will be sporting new uniforms.

The first benefit game will be staged Thursday, Oct. 8 at Yoe High Field between the Cameron B and Killeen B teams. Tickets went on sole Wednesday morning. General admission will be 50 cents.

Game time is 7:30.

Charles O. Blalock Speaks To Rotary Club September 30

Speaking before the Rotary Club of Cameron at its luncheon Wednesdal Stp. 30, Charles O. Blalock, Counselor with the Rehabilitation Office of the Texas as office of the Texas Education Agency explained the obthejectives of "Ntional Employ the Physically Handicapped Week" with special emphasis on services available to the handicappd and a report on services provided handicapped persons of Milam County by the Rehabilitation Division.

According to Blalock, persons who are 16 years of age and whose capacity to work has been limited by a crippling condition, deafness or hard of hearing, defective vision, tuberculosis, loss of an army or leg Hernia, epilepsy, weak heart, diabetes, and some types of mental or emotional impairments, may be eligible for rehabilitation services.

Services available through the Rehabilitation office, depending upon individual needs, may inneeds may inmlude complete medical examinations, guidance and planning, surgery and hospitalization, training, room and board while in training, tools to carry on a trade, hearing aide, and artificial arms and legs.

Blalock reported that, since he has been serving as counselor of Milam County during the past six years, 39 persons have been provided from one to a combination of services by the agency and closed as satisfactorily employment.

Forty-nine handicapped persons of Milam County are now being carried in the accepted status by the Rehabilitation Division with one to a combination of services being provided in its efforts to make them more employable.

In concluding ris discussion, Blalock pointed out that the efforts of the Rehabilitation Division would be greatly restricted if it were not for the fact that many employers know that the so-called handicapped persons make as good or better employees than the so-called normal workers when adequately trained and properly placed.

Blalock pooited out further that "National Employ the phyically Handicapped Week" has been set aside to increase the potential employment possibilitie for handicapped workers by encouraging employers to hire qualified handicapped workers and inform persons of services available to the handicapped.

CARD OF THANKS

We would like to extend our appreciation and sincere gratitude to all our friends for the words of comfort shown us in our recent sorrow in the loss of our loved one, Pfc. Charlie Hux.

Do not ask us if we miss him.
For there is such a vacant place;
Often we think we hear his footsteps,
Or see his smiling face.
For he left us broken hearted,
Friends may think the wound is healed.
But they so little know the sorrow,
That is in our hearts concealed.

Mr. and Mrs. August Hux and family.

OAK LEAF GALL

(J. D. Moore, County Agent)

Inquiries have come to us about a growth on the underside of oak leaves. These abnormal formations are caused by the feeding of tiny gall insects or mites. The female normally lays her eggs inside these galls. These tiny insects usually come out early in the growing season and move around feeding on the plants, causing the galls to form. Galls are unsightly on a tree, but seldom, if ever, do they cause death.

Little is known about the life history of gall insects and mites; therefore, it is difficult to recommend a control measure. It is essential that the poison be applied when the insects or mites are moving around on the plant before the galls are formed around them. We think that spraying early, just as the new foliage starts to form, may be of some help. Use one tablespoon of 50 per cent wettable DDT in one gallon of water and spray the trees thoroughly.

Prices Received By Farmers Down

AUSTIN, Oct. 3—Prices received by Texas farmers and ranchers declined eight points in mid-September below mid-August, the U. S. Department of Agriculture reported today.

Crops generally dropped 15 points, but this was offset by increases on hogs, dairy products, poultry and eggs. There were decreases in cotton, and sharp declines in potato and sweet potato prices.

Mr. and Mrs. J. C. Miller of Cameron announce the birth of a daughter, Mary Ann, born September 30 at St. Edward Hospital, weighing 7 pounds and 6 ounces.

A son, Dick Von, was born to Mr. and Mrs. Edward Sweenson of Thorndale on October 2 at St. Edward Hospital. The infant weighed 10 pounds and 4 ounces.

Misses Kate McLane, Virginia Graham, Norinne Holder and Ann Bradbury spent the week-end in Cameron with their parents. They are attending school at Baylor University.

YOEMEN—

(Continued from Page 1)

Coach Leo Jackson's fighting Yoemen go into action Friday night against the highly touted Killeen Kangaroos on the 'Roos home ground.

Both teams will go into the game with one defeat, Killeen having been uprooted by the McGregor powerhouse, 18-6.

The Kangaroos opened the season by edging the Belton Tigers 7-2, and followed the next week by whipping the pants off the Taylor Ducks 45-0. Last week, while the Yoemen were tasting defeat at the hands of the La-Vega Pirates, the Kangaroos tore up the Mexia Black Cats, 21-13.

Although the Kangaroos have been predicted to win, the Yoemen will be primed for the battle and will probably confront the 'Roos with the stoutest line they'll see this year.

The power-laden 'Roos stayed on the ground and ate up 255 yards against Mexia last week.

Reserve seat tickets are still available at the superintendent's office at $1 each. General admission tickets are selling for 75c. All tickets will go off sale Friday afternoon at 2:30.

The probable starting lineup for the Yoemen will be Charlie 5anes at left end, Jimmy Hauk at left tackle, Billy Angell at left guard, Tom Collins at center, Jonny Green at right end, James Posey at right tackle, Junior Zotz at right guard, Arnold Warren as the man under, Jimmy Rettig at left half, W. K. Leonard or Joe Heitman at right half and Leon Beale at full back.

ALCOA'S SCHOLARSHIP PROGRAM OFFERS OPPORTUNITY TO CHILDREN OF EMPLOYEES

THE GREAT TREASURE of any community is its children. In their minds, their hearts, and their hands they hold the promise of the future growth and progress of this land. All of us who live here, then, have a stake in the education and training of these children—to help prepare them for their future responsibilities.

These are the doctors, the engineers, the teachers of tomorrow—the bankers, bakers, lawyers, merchants and machinists. Each has his vocation—a life filled with opportunity and with challenge.

To help meet this challenge, Aluminum Company of America has established a College Scholarship Program for the children of its employees. Through this program, 39 scholarships will be awarded each year to deserving sons and daughters of Alcoa employees across the nation. When the program is in full force within the next four years and every year thereafter, 156 children of Alcoans will be helped to continue their studies in preparation for the work they want to do—to help make a better future for us all.

This program is undertaken in the belief that by helping these children we help this community—and all who call it home.
